

JOHN ROMANO AWARD
2017

The John Romano Award honors a person, group, or organization whose contributions have enhanced the lives of individuals with mental illness, their families, and their communities. Contributions may be in the areas of advocacy, education, promotion of mental health, clinical care, research, innovative programming, or community support.

These criteria suggest rather than draw boundaries around the kinds of individuals, groups or organizations that might be so honored. For further guidance, those who are nominating candidates are advised to reflect on the life, the work, and the qualities of the man for whom this award is named, Dr. John Romano. A noted physician, psychiatrist, healer, teacher, writer and mentor, Dr. Romano was above all one whose enlightened compassion provided hope and encouragement to individuals with mental illness and to their families. A list of previous winners is printed on the back of this nomination form.

Nominations must be received no later than March 17, 2017 and may be submitted via mail, fax or email Pat Woods at pwoods@mharochester.org. If you have any questions, please call Pat Woods at 325-3145 Ext. 112.
